▶ ALUMINUM FURNITURE MECHANISMS	102-103

ABOUT US

Atilim, founded in Istanbul in 1993, is growing with the strength it receives from the customer satisfaction it creates every day. Atilim Aluminum, which aims to have a say in the world market with an understanding that does not compromise on quality, also wants to sign important projects abroad.

OUR VISION

To become a learning and developing organization by making quality a way of life in our company and affiliated institutions.
To reach the leading position of the aluminum sector by keeping up with the changes and innovations in the sector.

OUR MISSION

To ensure efficiency and efficiency in all dealers and sub-dealers affiliated to our company in accordance with the moral and legal rules of trade.

To contribute to the development of our trade by providing examination, research, consultancy and training services for personnel in order to improve quality, to evaluate the management continuously and to make the development activities continuous.

ONESTAR® STAIRS

Profesyonellerin Tercihii

Double Exit Staircase

- 3-step Staircase
- 4-step Staircase
- 5-step Staircase
- 6-step Staircase
- 7-step Staircase
- 8-step Staircase
- 9-step Staircase

The Double-Exit Stairs are light, practical and robust with wide steps that allow comfortable operation. Suitable for hobby and professional use.

ONESTAR®
www.onestar.com.tr

Multipurpose Staircase

- Gold Series Multipurpose Staircase**
- 12-step Staircase 16-step Staircase
- 20-step Staircase

- 3,70 meter**
- 4,70 meter**
- 5,70 meter**

Multi-purpose stairs can be used for multiple purposes thanks to special joint-lock systems. due to the fact that they are 4-piece, they take up very little space when they close and can reach a size that can fit in the trunk of small vehicles.

Just as they can be used in the type A position without the need to rest anywhere, you can also use Multi-Purpose Stairs with a one-piece support. They can also easily come in the form of a platform at the same time.

ONESTAR®
www.onestar.com.tr

Telescopic Work Platform

- 2x2=4,0 Meter
- 2x2,5=5,0 Meter
- 2x3=6,0 Meter
- 2x3,5=7,0 Meter
- 2x4=8,0 Meter

The Safe Scaffolding System, which has just started to be produced in our country, is a safe scaffolding system that must be used abroad, which prioritizes occupational safety. Telescopic Scaffolding is a safer scaffolding system that can be used in wall construction, interior and exterior plaster construction, facade painting and insulation, facade cladding, ship construction and repair, high-curtain construction and maintenance such as dams, tunnels to ensure a comfortable and safe work production.

ONESTAR®

2-Piece PTT Ladder

- 2x2=4,0 Meter
- 2x2,5=5,0 Meter
- 2x3=6,0 Meter
- 2x3,5=7,0 Meter
- 2x4=8,0 Meter
- 2x5=10,0 Meter
- 2x6=12,0 Meter

Two-Piece Sliding Aluminum Stairs are used as two-stage and sliding. The height of the two-piece stairs can be easily attached and adjusted to the desired step with excellent steel hooks on the sliding part. It is durable and reliable thanks to the deadbolt and step lock system.

3-Piece PTT Ladder

- 6,0 MT A-Type Ladder
- 7,5MT A-Type Ladder
- 9,0 MT A-Type Ladder
- 10,5MT A-Type Ladder
- 12,0 MT A-Type Ladder
- 15,0 MT A-Type Ladder
- 18,0 MT A-Type Ladder

The height of the three-part stairs, which can be used as three-stage and sliding, can be adjusted by attaching steel hooks to the desired step. It is extremely durable and reliable. Three-Piece Sliding Aluminum Stairs can be used in the forms of one-piece stairs, 2-piece sliding stairs or 3-piece sliding stairs according to request.

A-Type Ladder

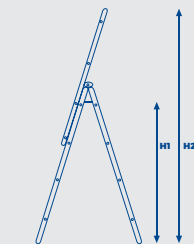

- 2,0 MT A-Type Ladder
- 2,5MT A-Type Ladder
- 3,0 MT A-Type Ladder
- 3,5MT A-Type Ladder
- 4,0 MT A-Type Ladder
- 5,0 MT A-Type Ladder
- 6,0 MT A-Type Ladder

A-type aluminum stairs, which have the possibility of working without resting on any position, allow two people to work at the same time. The robust straps eliminate the risk of opening and ensure safe use. Its balance is stabilized with wide feet and the risk of slipping is eliminated with rubber shoes.

A-Type Sliding Ladder

- 2,0 MT A-Type Ladder
- 2,5MT A-Type Ladder
- 3,0 MT A-Type Ladder
- 3,5MT A-Type Ladder
- 4,0 MT A-Type Ladder
- 5,0 MT A-Type Ladder
- 6,0MT A-Type Ladder

It is possible to reach higher by using the sliding part of the A-type sliding stairs, which can be used without resting on any place in its position. The opening is fixed with sturdy straps and the risk of slipping is eliminated with rubber shoes. The deadbolt and step lock system is extremely durable and reliable. If desired, the sliding part can be removed and used as two separate stairs.
